TO: Contra Costa One-Stop Operator Consortium	
ATTN: Operational Management	
FROM: Bob Lanter, Executive Director Workforce Development Board	
SUBJECT: Direct Training Referrals	

The purpose of this Workforce Policy Bulletin is to issue this Workforce Investment Area's Policy regarding the pathway for those unable to obtain employment through intensive services. Generally, the triage for most individuals coming into the One-Stop Centers is to receive core services, followed by intensive services, and then be deemed appropriate for receipt of training services.

Policy

Certain individuals who have been dislocated may be determined to not receive benefit from intensive services and **may move directly to appropriate training services thus bypassing additional intensive services.** If the results of appropriate assessment- both formal and observed- indicate that an individual will not benefit from additional typical intensive services, operational staff may at their discretion, determine a training plan for that individual that essentially "fast tracks" the steps between initial intensive service delivery and training referral.

This policy addresses changes to the UI Code section 14230.

If you have any questions regarding this bulletin, please contact Jennifer Mitchell at 925-646-5630.
