The California Governor's Committee on Employment of People with Disabilities and the Employment Development Department are partnering with the California Health Incentives Improvement Project (CHIIP) to provide brochures relating to work incentive programs and services that are available for job seekers and workers with disabilities in the Workforce Development Community.

Current brochures offered from the CHIIP include information on:

1. The Medi-Cal Working Disabled Program
2. Work Incentives and services for adults with disabilities
3. Work incentives and services targeted to transition-age youth and their families

The publication order form and brochures can be downloaded from the CHIIP Web site at www.chiip.org/publications.html. Each brochure is available in six different languages.

Policy:

It is the policy of the Workforce Development Board of Contra Costa County that all Contractors will provide work-related resources for people with disabilities.
