### PRESENTATION ITEM

### P1. Meeting the Demand – Health Care Workforce in Contra Costa County

By Kristin Connelly, President & CEO East Bay Leadership

**10 Strategic Meetings** – With the help of industry and education partners, the Contra Costa Economic Partnership identified opportunities to expand access to specific high demand health care careers in Contra Costa County and identified shared barriers to training and employment in these fields.

**6 Target Careers Identified** – Community Health Workers, Laboratory Technicians, Respiratory Therapists, Behavioral Health, Specialty Nursing

Health Care & Education Partners – Kaiser Permanente, Sutter Health, Bay Area Health Workforce Partnership, John Muir Health, Diablo Valley College and Contra Costa Health Services

The initial concept for the Ad Hoc Task Force on Equitable Employment in Health Care was to convene a body of health care leaders in Contra Costa committed to expanding income mobility and increasing opportunity in health care careers and to develop recommendations about how to align and support progress in the county consistent with the Workforce Development Board of Contra Costa County's 2021-24 Local Plan.

This work was designed and executed to develop Contra Costa specificity and capacity consistent with the work of the Bay Area Health Workforce Partnership (BAHWP) being led by Bob Redlo which is an effort that the Contra Costa Economic Partnership helped to start through facilitation and communication support in 2015-16. At every turn in this work for Contra Costa, the Contra Costa Economic Partnership has sought to further the five priorities established by the BAHWP's four work groups:

- 1. Increase the pool of qualified, diverse health workers.
- 2. Increase the alignment of health care education and training with employer needs.
- 3. Increase work-based learning opportunities in health care for K-16 and health profession students.

- 4. Build a data-driven rationale for systems change, infrastructure development, and sustaining healthcare workforce initiatives.
- 5. Develop and advocate for policy solutions that eliminate barriers to increasing workforce and education capacity, investment, and sustainability.

The Workforce Development Board of Contra Costa County (WDBCCC) is invested in equitable economic growth in our County and is uniquely to facilitate those needed conversations to develop enhanced training and education opportunities for in-demand health care careers.

### RECOMMENDATIONS

- Understand and Leverage State Budget Dollars
- Massively Develop the Local Behavioral Health Workforce
- Convene Local Education Partners

# **Triennial Sunset Review of Appointed Boards, Committees, & Commissions**

Phase III

### **INTRODUCTION**

Contra Costa County is governed by a five-member Board of Supervisors elected by the citizens of our county. The work of the Board of Supervisors is augmented by various boards, committees, and commissions that are comprised of residents who are appointed by the Board of Supervisors. These appointed bodies are formed to provide support and citizen input by making recommendations to the Board of Supervisors on various issues such as service delivery problems or community needs. County advisory bodies are created in response to specific community needs or as a result of state and federal legislation or contractual agreements with other public agencies. These bodies serve as direct links between the Board of Supervisors and our community while expanding communication between the public and County government and enhancing the quality of life for our residents.

### SUMMARY OF THE TRIENNIAL SUNSET REVIEW PROCESS

The Contra Costa County Board of Supervisors adopted Resolution No. 2012/261 on June 26, 2012, establishing a "triennial sunset review process" for most county advisory bodies whose members are appointed by the Board of Supervisors. Each year the Clerk of the Board schedules one-third of these bodies for review by the County Administrator's Office and the Internal Operations Committee of the Board of Supervisors.

The purpose of the Triennial Sunset Review is to provide the Board of Supervisors with a method to periodically evaluate the purpose, performance, and effectiveness of advisory bodies. For additional information about the review procedure, please refer to <u>Resolution 2012/261</u> and the <u>Advisory Body Handbook</u>.

### **COMMUNITY INFORMATION, OUTREACH, & MEETING NOTICES**

1. How does the body engage stakeholders and the public on issues and programs within the body's area of responsibility?

Workforce Development Board members serve as ambassadors, engaging businesses and members of the community; Staff to the Board are involved in a myriad of outreach efforts; examples are Workforce Integration Networks, Chamber of Commerce events, focus groups related to strategic planning, grant driven employer engagement forums planned and hosted by ad hoc coalitions Board staff, education partners and community-based organizations. A period for public comment is included on the agenda of every public meeting: such comments are welcomed and encouraged.

The WDB solicits advice and input through such mechanisms as a transparent strategic planning process that incorporates stakeholder and public opinion as well as results of studied, environmental scans, and asset mapping projects that garner input from communities who are impacted by the work. Open Community forums with a 30-day public comment period are part of the Regional and Local Planning process. The Local Board has designated Standing Committees (Executive Committee, Youth Committee, and Business Economic Development Committee) which provide information and assistance to the Board in carrying out the activities related to each committee has specified area. To ensure committees do not become too insular and to have the broadest and most relevant representation possible, WIOA requires that non-board members with experience and expertise in the subject be appointed to Standing Committee. At the program operations level, comment cards are available at each of the AJCCs Surveys of job seekers and businesses inform service delivery.

### BACKGROUND

Under WIOA, a biennial update of regional and local plans is required to ensure plans remain current and account for changes in labor market, economic conditions and other factors that might affect the plan, as well as remain in alignment with the updated State Plan developed by the California Workforce Development Board. On June 22, 2022, the Employment Development Department issued a draft directive, WSDD-235, Local and Regional Plans for PY 21-24 Two Year Modifications, to guide this process, including conditions to incorporate the voice of stakeholders. The policy objectives of the State Plan are to create and implement a shared vision of comprehensive system that impacts poverty, promotes income mobility and embeds equity as a cornerstone of service delivery. The Regional and Local plans are due to the CWDB no later than Friday, March 31, 2023. They will need to be out for public comment for 30 days prior to that and will need local elected official and Board of Supervisor approval.

### **CURRENT SITUATION**

The Workforce Development Board of Contra Costa County is the fiscal lead within the designated East Bay Regional Planning Unit (RPU) which includes the four local Workforce Development Boards in the Region: Alameda County, City of Oakland, and the City of Richmond. **Regional Plans** are used to articulate how RPUs will build intentionality around industry sector engagement, drive workforce development outcomes across multiple jurisdictions, and expand on-ramps to career pathways for individuals who have been historically underserved and marginalized because of race, color, national origin, sexual orientation or gender identity. **Local Plans** are used to articulate how Local Boards will coordinate with local partners to ensure person-centered service-delivery through the America's Job Center of California<sup>SM</sup> (AJCC) system. Both plans will include analysis that takes into account economic impacts due current events such as COVID, natural disasters, and amplified movement for racial justice, among others). These modifications to the WDB 2021-2024 Strategic Workforce Development Plan will help to prioritize and align the WDB's investments in different programs, initiatives, and activities supporting the workforce system in Contra Costa County and the region.

### **FISCAL IMPACT**

The East Bay RPU has received state funds designated to support the modification of the regional strategic planning effort, and each WDB is required to draw on local funds to support the local efforts.

### **CUSTOMER IMPACT**

In addition to any elective modifications, deliverables for regional and local plan modifications will include detail on how the WDBCCC will to align, coordinate, and integrate workforce services to these populations:

- CalFresh Employment and Training Participants
- Child Support Clients
- o People with Intellectual and Developmental Disabilities
- English Language Learners
- o Individuals with criminal history or justice involved

In committee discussion the Executive Committee approved the local plan schedule at the October 12, 2022 meeting.

| RE:   | PY 2022-23 WDB PROPOSED BUDGET                     |

### RECOMMENDATION

The Executive Committee recommends that the Full Board approve the PY 2022-23 Proposed Budget.

### BACKGROUND

The WDB annually approves the Fiscal Year (FY) budget for the activities and services implemented in the Local Workforce Development Area (Local Area). The budget includes the Workforce Innovation and Opportunity Act (WIOA) Adult, Dislocated Worker, Rapid Response, and Youth funding allocated to the Local Area. The budget also includes discretionary revenues. Staff will bring back a mid-year budget to balance revenues (and specific funding sources) with expenditures, as well as account for changes in our funding sources and/or amounts.

### **CURRENT SITUATION**

Currently, WDB has six discretionary grants for FY 2022-23 totaling approximately \$2.35 million dollars. The grants that we have received or expect to receive are WAF 10, California for All, Department of Apprenticeship Standards, NDWG, STEPS and RERP. There are active applications for the High Roads Training Partnership, Regional Plan Implementation 5.0 and WAF 11.

During the Executive Committee meeting, the position of Deputy Director was brought up and discussed. At this time, EHSD has not approved the position.

### **FISCAL IMPACT**

A fiscally sound budget is imperative to the operation and integrity of local boards to ensure compliance and continued funding under WIOA.

### SCHEDULE

Staff continue to work with EHSD Fiscal to balance and monitor expenditures for the budget.

### WORKFORCE POLICY BULLETIN #11-22

DATE:November 1, 2022TO:Contracted Service ProvidersFROM:Tamia Brown, Executive Director<br/>Workforce Development Board

SUBJECT: MEDIA POLICY

### PURPOSE:

To ensure consistent handling of general media requests, to ensure responsible use of social media, and to ensure a consistent message about the America's Job Centers of California (AJCC), youth programs and all WDB service delivery and programs.

### **EFFECTIVE DATE:** November 1, 2022

**ACTION REQUIRED:** Within 15 days of the receipt of this policy it is the recipient's (e.g., vendors, partners) responsibility to ensure all staff are informed of the policy and to create an internal process to ensure accountability.

### POLICY:

### 1. Media Queries.

Any inquiries from the media should be handled by the WDB Director or designated staff or consultant responsible for media inquiries or WDB Chair, in that order. All media inquiries received should be forwarded to the above contacts. Responses to the media should be that the appropriate individual from the WDB will get back to the individual making the inquiry within 1 business day.

Activities should be discussed in a concise, factual and balanced fashion. Our collective message around the WDBs services through the AJCC, Partner Affiliate sites, and other services is a simple one:

The Workforce Development Board of Contra Costa County is committed to helping businesses in the region meet their talent needs and getting people back to work. Our services, through the AJCC and our workforce partnerships, are designed to ensure that customers receive efficient and effective workforce related services of high quality in a seamless manner.

**Tracking inquiries**. Each staff will E-mail the WDB Director, or designee, to let them know that a media outlet has contacted them. Report to the WDB Director the name of the media outlet, the individual who was spoken to, contact information, and the nature of the inquiry.

### 2. Press Releases.

Upon any issuance of a press release about any organization (i.e., a partner organization or the WIOA program provider) and its involvement with any WDBCC funded provider, a copy must be sent to the appropriate WIOA vendor's Program Manager with a copy to the WDB Director. The WDB is committed to co-branding the programs, thus the fact that the program is supported by the WDBCCC must be included.

### 3. Fact Sheets.

There is a fact sheet that describes the center. Use it in all interactions with the media. Do **not** create your own fact sheet.

### 4. Social Media.

Guidelines for functioning in an electronic world are the same as the values, ethics and confidentiality policies any employees and contractor staff are expected to live every day, whether Tweeting, talking with customers or chatting with a neighbor. Remember, your responsibility to the WDBCCC does not end when you are off the clock. For that reason, this policy applies to both company sponsored social media and personal use as it relates to the WDBCCC.

If you work for a company contracted by the WDBCCC, their social media policy may supersede this policy if it is more restrictive, not less.

### What You Should Do:

- **Disclose your affiliation:** If you talk about work related matters that are within your area of job responsibility you must disclose your affiliation with the WDB.
- State that it is YOUR opinion: When commenting on the business. Unless authorized to speak on behalf of the contractor or WDBCCC, you must state that the views expressed are your own.
- Act responsibly and ethically: When participating in online communities, do not misrepresent yourself or the WDBCCC.
- Honor our differences: The WDBCCC will not tolerate discrimination (including age, sex, race, color, creed, religion, ethnicity, sexual orientation, gender identity, national origin, citizenship, disability, or marital status or any other legally recognized protected basis under federal, state, or local laws, regulations or ordinances).
- **Be aware of inadvertent disclosures or the perception of disclosures:** For example, consider that "friending" a customer may publicly identify that person as one of your clients.

### What You Should Never Disclose:

- **The Numbers:** Non-public financial or operational information. This includes strategies, forecasts and most anything with a dollar-figure attached to it. If it is not already public information, it is not your job to make it so.
- Internal Communication: Regarding solicitations until announced.
- **Confidential Customer Information:** Never share personal information about any customer either business or jobseeker. Do not publish, post, or release information that is considered confidential.
- *Legal Information:* Anything to do with a legal issue, legal case, or attorneys.
- **Anything that belongs to someone else:** Let them post their own stuff; you stick to posting your own creations. This includes illegal music sharing, copyrighted publications, etc.

Basically, if you find yourself wondering if you can talk about something you learned at work -- don't. Remember to protect the brand and protect yourself.

### BACKGROUND

WDB released the RFI for the Measure X Youth Centers effective August 5, 2022. Details may be found on our website at <u>Workforce Development Board of Contra Costa County</u> | <u>Building Futures</u> (wdbccc.com), under the new "Youth Centers" tab.

The RFI is to procure an entity or consultant to facilitate community and stakeholder engagement related to the creation of the Youth Centers, per Measure X goal number four (4), intergenerational thriving. This is the first phase of the Youth Centers project.

Once selected, the contractor will lead the efforts in community engagement to explore:

- Priorities and service needs of youth in East and Central Contra Costa County
- The population to be served, including demographics and age ranges
- Which programs and services will be provided
- Best models to address behavioral, academic and mental health of youth
- Levels of staffing needed
- Models for oversight
- Examples of current, similarly situated County Youth Centers
- Potential Youth Center sites

Please note that this contractor will *not* be the individual or entity who *actually operates* the Youth Centers. Instead, based upon the findings during this process, the contractor, in collaboration with the Workforce Development Board, will *then* develop the RFP to select an organization to develop, administer and operate the East Contra Costa County Youth Center, and/or the Central Contra Costa County Youth Center.

• The vision of the Youth Centers is to promote intergenerational thriving, through representation of diversity, and advancement of equity and inclusion, as well as to support youth with accessibility to a variety of valuable community resources in effort to boost our youth's ability to thrive.

The Youth Centers have the opportunity to have great positive impact to our communities, and to our county. For this reason, we plan to strategize with a results based accountability model, which will

focus on measureable goals and performance outcomes for the center. Focus will be on ensuring that youth have a voice in the development, design and services of the Youth Centers.

The deadline for submissions to the RFI was September 20, 2022. Two submissions have been received. The Reader/Rater evaluation process began on October 18, 2022, and is expected to conclude on October 27, 2022.

The WDBCCC has appointed its Youth Committee as oversight of the RFI and RFP processes. The selection recommendation is slated to be presented to the WDBCCC Youth Committee on November 8, 2022 for their approval. Staff anticipate contract start date January 2023.

| RE:   | Close Out Report on Prison to Employment Grant Initiative |

### BACKGROUND AND OVERVIEW

The Prison to Employment (P2E) Initiative provided resources for direct services, supportive services and earn and learn opportunities to formerly incarcerated and justice-involved individuals who lack support in obtaining a road to self-sufficiency. In July 2018, legislature approved general funding for the P2E initiative to serve the formerly incarcerated and other justice-involved individuals to help to sustain a level of self-sufficiency. There were **two grants** in the P2E initiative- (1) The Regional Implementation and Direct Services Grant (DSG), used to fund the implementation of regional workforce corrections plans and to provide direct services and "earn and learn" opportunities to help overcome unemployment, poverty and homelessness. The grant terms was July 2019 through March 2022 and the funding was allocated through regional planning units (RPUs) across California with services delivered through America's Job Centers of California (AJCCs), Community Base Organizations (CBOs) and partner agencies with the intent to bridge the identified service gaps that the justice involved encounter.

The East Bay Regional Planning Unit (EBRPU) encompasses a large geographic and demographic segment of the San Francisco Bay Area that includes the local workforce development boards (WDBs) of Alameda County, Contra Costa County, City of Oakland and City of Richmond. Alameda County was awarded the regional funding for the Prison to Employment (P2E) grant and each of the local boards in the EBRPU was given funding to implement strategies to better serve our justice involved population achieve self-sufficiency. Across the region, there is a disproportionate share of justice-involved population in the minority communities that are lacking strategic goals to obtain self-sufficiency. African Americans represent about 40%, followed by Latin-X at 23% who experience higher rates of unemployment, poverty and homelessness. Based on this and a variety of qualitative data collection, the EBRPU had identified strategies, (1) paid training and work experience to sustain, strengthen and scale existing innovations and best practices; (2) fill service gaps in the existing justice involved individual service landscape with wrap-around and supportive services; and (3) increased coordination and collaboration amongst regional partners such as Parole and Probation, community-based organizations (CBOs), reentry employers and WDB partners, as strategies that were lacking and had significant regional service gaps in reentry workforce development. These identified gaps became the priority for the submitted Prison to Employment (P2E) grant application and service delivery, to devote time, effort and energy to bridging these gaps in services that justice-involved individuals encounter and have to deal with continuously.

Partners involved were CBO, Rubicon Programs; Parole and Community Team (PACT); Community Corrections Partnership (CCP) and the Contra Costa Probation Department. Rubicon Programs and the other partners had developed and implemented a P2E service delivery strategy that provided justice-involved and formerly incarcerated individuals a broad array of coordinated services to help participants achieve stability and self-sufficiency. Services included but were not limited to general services such as to work cooperatively with WDBCCC on the implementation and coordination of the P2E program in Contra Costa County; ensure proper use of funds for expenses that are allowable, justifiable, thoroughly documented, traced and reported to WDBCCC. Also specific service elements included but not limited to eligibility and enrollment into the program, individualized career services, training services and a full array of wrap around support services.
